

July 25, 2017

Rutledge Haro Design had the pleasure of working with BDS General Contractors during a recent remodel at Rancho San Pascual Community Clubhouse in Escondido, CA. In our scope of work, we re-designed an existing Clubhouse, Pool Area, Outdoor Showers, BBQ Area and Restrooms as well as selected new Pool finishes.

Our designs can be very intricate and outside of the box but Greg, Nic, Kelly and everyone at BDS team made our designs look effortless and flawless. Take for example the outdoor shower tile design in which we combined two different size of tiles with a multitude of colors to create a modern take on a traditional Spanish tile design. The vision was executed just as we requested!

Throughout the entire design process, BDS took our vision and made it a reality all the while consulting and working together with us on every detail. It's not often you find a contracting company that not only does a beautiful job but that is also professional, courteous and a pleasure to work with.

We are thankful for the opportunity to have worked with BDS and we look forward to working with BDS in the near future.

Thank you,

celeste roberts, design director
